

Installing Drupal on Fedora

Go download a new copy of drupal core

[root@iglnx html]# wget http://ftp.drupal.org/files/projects/drupal-5.23.tar.gz Extract the downloaded file.

[root@iglnx html]# tar -xzvf drupal-5.23.tar.gz

Move all files from the drupal-5.23 archives to drupal

[root@iglnx html]# mv drupal-5.23 drupal

Open a web browser and go to the /drupal files. NB: please take note of the error below. The drupal installer requires write permissions to /site/default/settings.php

you are now ready to run the installation script. Point your browser to the base URL of your drupal website.

| | 6 | Database configuration | | | |
| | | Basic options To set up your Drupal database, enter the following information. | | | |
| | | Database type: * | | | |
| | | | | | |
| | | O mysqli | | | |
| | | O bāzdī | | | |
| | | The type of database your Drupal data will be stored in. | | | |
| | | Database name: * | | | |
| | | drupal | | | |
| | | The name of the database your Drupai data will be stored in. It must exist on your server before Drupai can be installed. | | | |
| | | Database username: * | | | |
| | | sibanda | | | |
| | | Database password: | | | |
| | | ***** | | | |
| | | | | | |
| | | In and a set of the | | | |
| | | Advanced options | | | |
| | | Save configuration | | | 8 |
| | | | 😜 Internet 🎻 | - 🔍 100° | % + |

The installation wizard will guide you through several screens steps to setup the database, add the first user account, and provide basic web site settings. Follow the wizard to finalize the installation and start working with your Drupal website.

Now that you've installed Drupal, there are a few tasks you need to do:

| | | | |
| or login | Welcome to your new Drupal website! | | |
| er login | Please follow these steps to set up and start using your website: | | |
| Username: * | | | |
| Decemends * | 1. Create your administrator account | | |
| Password, | To begin, create the first account. This account will have full administration rights and | will allow you to configure your website. | |
| Log in | 2. Configure your website | | |
| Create new account | Once logged in, visit the administration section, where you can customize and configu | re all aspects of your website. | |
| Request new password | 7 Enable additional functionality | | |
| | Next, visit the module list and enable features which suit your specific needs. You can | find additional modules in the Drupal modules | s download |
| | section. | | |
| | 4. Customize your website design | | |
| | To change the "look and feel" of your website, visit the themes section. You may choo | se from one of the included themes or downlo | ad additional |
| | themes from the Drupal themes download section. | | |
| | 5. Start posting content | | |
| | Finally, you can create content for your website. This message will disappear once you | u have promoted a post to the front page. | |
| | For more information, please refer to the help section, or the online Drupal handbooks. You | may also post at the Drupal forum, or view the | e wide range |
| | of other support options available. | | |
